

2nd Grade Progress Report 2025-2026

Student Name: Mata Amani

Student #: NC011118

Grade Enrolled: 02

Teacher: Varsty Muhammad

Teacher E-mail: clarascienceacademy@gmail.com

Report Period: April 6 to May 29, 2026 – 4th Quarter

ATTENDANCE	1 st Q	2 nd Q	3 rd Q	4 th Q

Academic Standards: The Clara Science Academy (CSA) reports student performance quarterly. This 2nd grade progress report lists the skills outlined by the NC Department of Education Standards. This framework provides guidance about what a 2nd grade student should know or be able to do. The K12 curriculum is the core set of courses used by CSA to help 2nd grade students meet these standards. Individualized goals are set for each student. The teacher and learning coach determine the percentage of course completion necessary to meet the academic goals for the second-grade student based on the standards and anchors. The year-to-date course progress reflects the progress towards meeting standards as well as academic goals related to course completion. The decision to promote a student to the next level is determined by the teacher.

Year-to-date course progress	
Course	Comment(s)
Writing 2	On Target
Language Arts 2	On Target
Math 2	On Target
Science 2	On Target
Social Studies 2	On Target
Art/Music 2	On Target

Standards Checklist			
M	Met academic standard	NA	Not Assessed during this semester
W	Working towards meeting academic standard	UA	Unable to Assess during this semester

Language Arts

	1 st Q	2 nd Q	3 rd Q	4 th Q
COMPREHENSION AND READING				
Demonstrate CONCEPT OF PRINT, how print is organized and used in reading and writing tasks – Identify the purposes and types of text (e.g. literature, information) before reading. Use titles, table of contents and chapter headings to locate information in text.	W	M	M	M
Demonstrate knowledge of the ALPHABETIC PRINCIPLE, the ability to associate sounds with letters and use these sounds to form words – Recognize and use knowledge of spelling patterns. Identify and spell high frequency words. Decode and encode single and multisyllabic words in isolation and in text. Identify and correctly use regular (e.g. -s, -es, -ies) and irregular (e.g. fly/flies; wife/wives) plurals. Recognize common abbreviations (e.g. months, days, Mr., Mrs., St.).	W	M	M	M
Demonstrate FLUENCY, the ability to read grade level text orally with accuracy, appropriate rate and expression – Adjust reading rate based on purpose, text difficulty, form and style. Recognize and self-correct errors. Read a variety of genres.	W	M	M	M
Demonstrate a rich listening and speaking VOCABULARY, the ability to understand (receptive) and use (expressive) words to acquire and convey meaning – Answer comprehension questions orally and in writing based on material read independently. Use context to understand word and sentence meanings. Relate vocabulary to prior knowledge. Identify and correctly use antonyms, synonym and categorization of words.	W	M	M	M
Demonstrate COMPREHENSION, the complex cognitive process involving the intentional interaction between reader and text to convey meaning – Read text using comprehension strategies. Make predictions and establish a purpose for reading text. Identify text structures to build understanding. Determine the author's purpose in text and ask clarifying questions. Relate prior knowledge to textual information. Retell main idea.	W	M	M	M
READ CRITICALLY IN ALL CONTENT AREAS				
Identify, analyze and apply knowledge of the elements of a variety of informational texts to demonstrate an understanding of the information presented. Identify a variety of media to gain information – Identify a text's feature (title, captions) and use them to make predictions. Distinguish fact from opinion. Identify essential information such as facts, main idea, and supporting information from text.	W	M	M	M
READING, ANALYZING AND INTERPRETING LITERATURE				
Identify, analyze and apply knowledge of the elements of a variety of fiction and literary texts to demonstrate an understanding of a literary selection – Read and listen to a variety of genres of literature (e.g. poetry, plays, fables, legends, picture books) and participate in guided discussion. Identify and describe the elements of story structure (e.g. setting, plot, character, problem and resolution) in a variety of fiction. Retell the main events of a story including beginning, middle and end. Identify the main topic or essential message of a literary selection. Identify the literary devices in rhyme, repetition, rhythm and patterns.	W	M	M	M
TYPES OF WRITING				
Narrative: Develop and demonstrate the writing of narrative pieces that include a main idea based on read, imagined or personal events, characters and a sequence of events. Informational: Develop and demonstrate the writing of informational pieces that provides information related real-world tasks. Persuasive: Develop and demonstrate persuasive writing that is used for the purpose of influencing the reader. Develop an idea with a beginning, middle and end. Sequence three or more events. Include people, places and things in created writing. Write informational paragraphs that contain a topic sentence, supporting details and relevant information. Write a brief opinion piece and support the opinion with details. Draw a picture and use text to tell a message or to persuade the reader.	W	M	M	M
QUALITY OF WRITING				
Progress through the stages of the writing process (prewriting, drafting, revising, editing & publishing) Penmanship: Engage in the writing process and clearly write ideas and experiences in legible print. Organize and select a topic for writing. Determine the purpose for writing a piece. Organize details into a logical sequence that has a beginning, middle and end. Use proper end punctuation. Use appropriate nouns, pronouns, verbs, simple adjectives and adverbs in writing. Write numbers and uppercase and lowercase letters using left to right sequencing. Print legibly and space letters, words, sentences and paragraphs appropriately.	W	M	M	M

Language Arts Cont.

	1 st Q	2 nd Q	3 rd Q	4 th Q
SPEAKING AND LISTENING				
Apply listening and speaking strategies effectively. Use electronic media for learning purposes, such as generating a journal or story - Listen attentively and follow directions to perform a task. Listen to a selection and connect similar experiences to real events. Make realistic predictions about the outcomes of simple events. Retell stories and relate the sequence of story events by answering questions.	W	M	M	M
CHARACTERISTICS AND FUNCTIONS OF THE ENGLISH LANGUAGE				
Distinguish commonly used words from other languages. Identify variations in the dialogues of literary characters - Recognize a word as one other than commonly used in spoken English. Utilize speech bubbles and quotations to differentiate between dialogue and text.	NA	W	M	M
RESEARCH				
Use a systematic process for the collection, processing and presentation of information - Differentiate between various sources of information (e.g. dictionaries, electronic media). Select sources for gathering information on a specific topic. Write a simple report with a title and at least three paragraphs that include at least three facts with supporting details using complete sentences.	NA	W	M	M

Standards Checklist			
M	Met academic standard	NA	Not Assessed during this semester
W	Working towards meeting academic standard	UA	Unable to Assess during this semester

Mathematics

1 st Q	2 nd Q	3 rd Q	4 th Q		
NUMBERS, NUMBER SYSTEMS AND NUMBER RELATIONSHIPS					
Numbers, Number Systems and Number Relationships - Count, read and write whole numbers from 1 through 100. Skip count by 2's, 3's, 5's, 25's and 100's. Identify fractions. Name and state the value of coins up to a half-dollar. Count a collection of coins and make change for an amount given. Identify, describe and extend a pattern. Order a set of whole numbers from least to greatest.		W	M	M	M
COMPUTATION AND ESTIMATION					
Computation and Estimation - Add and subtract two and three-digit numbers with and without regrouping. Understand multiplication as repeated addition. Understand division as repeated subtraction and sharing		W	M	M	M
MEASUREMENT AND ESTIMATION					
Measurement and Estimation - Compare objects by a defined attribute (length, capacity or weight). Determine and use an appropriate nonstandard measuring tool. Compare elapsed time to tell time to the minute. Estimate and measure the lengths and heights of objects using standard and non-standard units. Measure, read and write temperatures shown on Fahrenheit and Celsius thermometers.		NA	M	M	M
TRIGONOMETRY AND CALCULUS					
Trigonometry and Calculus - Identify a right triangle and right angle. Describe rates of change as faster and slower using real life situations.		NA	M	M	M
MATHEMATICAL REASONING AND CONNECTIONS AND MATHEMATICAL PROBLEM SOLVING AND COMMUNICATION					
Mathematical reasoning and connections. Mathematical problem solving and communication - Compare, sort and order objects according to length, weight or volume. Measure objects to the nearest inch using a ruler. Create addition word problems. Explain appropriate process of addition to solve problems (orally/written).		W	M	M	M
STATISTICS AND DATA ANALYSIS					
Statistics and Data Analysis – Read and compare data. Identify greatest and least. Interpret and create graphs and tables. Analyze data to form an opinion on whether a statement is reasonable or not.		NA	M	M	M
ROBABILITY AND PREDICTIONS					
Probability and Predictions – Determine the likelihood of events occurring. Predict an outcome before conducting an experiment. Analyze and record data from experiments in an organized manner		NA	M	M	M
ALGEBRA AND FUNCTIONS					
Algebra and Functions - Create, describe and repeat a pattern and extend it. Use a variety of strategies an functions to solve problems involving addition or subtraction.		W	M	M	M
GEOMETRY					
Geometry - Recognize and describe two and three-dimensional shapes. Describe, classify and sort plane and solid geometric shapes. Compare and contrast plane and solid geometric shapes. Identify and create symmetrical and congruent shapes/solids. Recognize and apply slides (translations), flips (reflections) and turns (rotations).		NA	M	M	M

Teacher Comments

Quarter 1 Teacher Comments: Mata is truly a joy to work with. While she is respectful of other students in the classroom she does need to manage how she communicates with her peers. She is committed to doing her best and does need to ensure that she follows all classroom rules at all times. Things to improve on: While Mata is a conscientious, hard-working student, she does need to work on staying focus and on track. She is always willing to help others and volunteers to take on other responsibilities in class. She also needs to work on managing her frustration (anger). Please continue to practice reading every day. I am proud of the progress she has made. Performance: Passing Parent Comments/Concerns:	Quarter 3 Teacher Comments: Mata has demonstrated good manners on a daily basis. She can be counted on to assist when needed. She always volunteers for leadership roles. Mata does need to ensure that she takes her time and review her work before turning them in. This will avoid making wrong choices. Things she needs to work:: Read! Read! Read!
Quarter 2 Teacher Comments: Mata has demonstrated her citizenship in the classroom by helping to keep it clean and taking care of the materials. She can always be counted on to cooperate with her peers. She takes her work seriously; however, at times can be easily distracted.	Quarter 4 Teacher Comments: Mata finished up the school year positively. Over the summer please ensure that she reads everyday. Recommend Read for the Summer: "Bug Scouts #1: Out in the Wild!" by Josh Funk: A highly illustrated, fun, and easy-to-read graphic novel series perfect for new readers. "How Sweet the Sound" by Kwame Alexander: A beautiful picture book introducing rhythm and African American culture. "Boxitects" by Kim Smith: A great, inspiring story about engineering, cardboard box creations, and teamwork.

Overall Performance: Passing

Promoted to the third grade

Perfect Attendance
